Hobbies & Interests

Swimming and Free Diving
Passionate about swimming and free diving for fitness and relaxation, which fosters discipline and resilience.

Video Games and Films
I enjoy playing video games and watching films, exploring various genres for entertainment and inspiration.

Database Management
Able to use **HTML, CSS, PHP,** and tools like **XAMPP** and **Laragon** for database-driven websites and applications.

Video Editing
Learned in the basics of **Adobe Premiere** and **Adobe Photoshop** for high-quality video editing and production.

Game Development and 3D Graphics
Familiar with **Unreal Engine**, **Unity**, and **3DsMax** for game development and 3D graphics creation.

Cybersecurity, Privacy, and Anonymity
Self-acquired knowledge of cybersecurity fundamentals, focusing on privacy protection and data security.

Hardware Repair
Self-acquired experience in diagnosing and repairing basic hardware issues with an elemental understanding of hardware maintenance.

Chess
Enthusiastic about chess, appreciating its role in enhancing strategic thinking and problem-solving skills.

Socialising and Traveling
Last but not least, I love meeting new people and exploring cultures, enriching my life with new perspectives and adventures.
